

LAUNDRY DEEP DIVE - NEEDS ASSESSMENT

1. For those with a front loader washing machine, do you prefer to have your washing machine and dryer side by side or stacked?
 - Have a top loader machine, so this won't affect me
 - Side by side to allow more bench space
 - Stacked one top of each other (applicable with condenser dryers)
 - Stacked, with dryer mounted above benchtop
 - Don't have a dryer, so don't need to worry about a dryer

2. Where would you prefer the sink position?
 - Preference for sink centered on the window
 - Open to options if the layout works best with the sink not centered on the window.

3. Please check the items that you need to store in your laundry:
